

The Pappas Telecasting Company donation of \$325,000 in airtime to Republican candidates only is an abuse of the privilege to use public airwaves. The public airwaves are used free of charge and this requires that all public interests be service. Perhaps this privilege should be taken away because this bias does not serve the public interest. We need to strengthen media ownership rules in a way that provides fair and balanced information to the public. The FCC license renewal process needs to involve more than just a returned postcard as this kind of behavior should be prohibited in a democracy. Thank you.
